# **CESAB & Simai**

## **A Powerful Partnership**

Tow Tractors and Platform Trucks, 1.5 – 50 tonnes capacity

# Market leading products and local support

- A range of 3-wheel and 4-wheel electric tow tractors and platform trucks
- Towing capacities from 1.5 to 50 tonnes
- Available through your local CESAB dealer

The partnership between CESAB and Simai brings together two innovative companies with more than 125 years combined experience. Simai was established in 1950 as a supplier of agricultural and industrial machinery, drawing upon the knowledge gained in these sectors to later become a specialist material handling manufacturer. Today, Simai offers Europe's widest range of electric tow tractors and platform trucks.

Simai shares CESAB's philosophy of ongoing research and development to produce a range of products that deliver outstanding productivity and safety. Simai was the first Italian company to receive ISO 9001 accreditation, which is testament to its commitment to maintaining the highest quality standards.

Outstanding products are complemented by outstanding service and support. Simai customers now benefit from the expertise of CESAB's nationwide network of independent dealerships. CESAB's fully qualified, local engineers will ensure maximum uptime for Simai customers, whatever their industry. It's a powerful partnership between your business, CESAB and Simai.

To find out more about the Simai range of tow tractors and platform trucks, contact your local CESAB dealership.
